## About Us

Cynthia Brennan, a graduate of the Rhode Island School of Design and New York Botanical Garden, has a background in interior, architectural and landscape design, providing her with the skills to create unique and gracious environments. She is a hands-on manager of events and can often be found cutting branches and flowers from local sources and farms. Peter Menzies joined creative forces with Cynthia in 2009. Pete has over 15 years experience planning major events for MTV: Music Television and as a freelance television producer and director. His work has given him deep technical knowledge and experience with tenting, lighting, sound and video, and security. His passion is food and cooking and he is our specialist in local sourcing. We have assembled a talented and diverse team that brings much experience and enthusiasm to food, hospitality and style.
